

Seattle Preparatory School – *Sophomore Year Courses*

In the 10th grade year, students take 9 courses (5 year-long courses, 4 semester-long courses). All 10th grade students are enrolled in Collegio, an interdisciplinary course integrating English, Social Studies and Theology. Students take a full year of math, science (Chemistry, Accelerated Chemistry, or Honors Chemistry), and world language. Sophomores take a semester each of Health, Scripture and Morality, Arts, and Health and Exercise Science.
